SNOW EMERGENCY ROUTE ADVISORY

You are receiving this advisory because you reside on a Snow Emergency Route.

Please be advised when the Snow Emergency Plan is in effect, all cars are to be removed from Snow Emergency routes.

Snow Emergency routes must be kept clear during a snow emergency event. This enables emergency vehicles (police, fire and ambulance) to arrive at their destination without delay. Your compliance with this law could save a life; possibly even yours.

If your vehicle is parked on a Snow Emergency route when the snow plan goes into effect, citation fines ranging from \$100 to \$500 will be issued and vehicles will be towed!

Officers will strictly enforce the law during a snow emergency event.

Additional information in Snow Emergency can be found at:
